

1960s, 1990s being transferred to
2020s in Havana, Cuba -

By Shomit Sirohi

Symmetric for Algeria in their
plan - find it very cultural and
hotel related in modernist forms -
it creates a modernist living - for
FLN - cover the passport a lot.

Havana in the 1990s, and
previously in the 1960s was with
a Varadero culture, shifted to
Havana with even Santiago De
Cuba being very important as a
beach and rum culture of just run
down living arguments and this
then was triangulated to the
peasant side of living protests -
all social relations were
organized by the Biblical

arguments of Fidel in Fidel and the Religion alongside certain works on Aesthetics and Revolution, and Retamar – all of this became – “In a sense the revolution is a work of art and so a matter of aesthetics, each part and whole of it.”

II. Rates and Complex Economics going on in the periods 1960s which became organically 1990s people argued –

Public Sector as in fact co-operatives and cinema schools to	Hotel Nacional and cinema halls – make it a	Bank rates – in bundles of minimalism in
